

ICS-UNIDO

Seminar Series

Calendar 2003 – 2004

Thursday 13 November 2003

h. 03:00 pm.

“Process simulation in assessment of industrial processes”

Lucille Salinas, ICS – Subprogramme 2.1

Thursday 27 November 2003

h. 03:00 pm.

“Trends and applications of combinatorial chemistry and technology”

Dr. Giorgio Fassina, Xeptagen SpA, Italy

Thursday 11 December 2003

h. 03:00 pm.

“ICT technologies applicable to developing countries”

O’Brain Mwanjoka, ICS – Subprogramme 3.4

Thursday 15 January 2004

h. 03:00 pm.

“Low cost innovative building materials (composite) for sustainable housing”

Prof. Enrico Spaccone, Dept. of Environmental and Civil Engineering, University of Colorado at Boulder, U.S.A.

Thursday 29 January 2004

h. 03:00 pm.

“Decision support tools in the selection of remediation technologies”

Dr. Olfa Khelifi, ICS – Subprogramme 1.3

Thursday 12 February 2004

h. 03:00 pm.

“Development of biodegradable and biocompatible polymeric materials. A global challenge”

Prof. Emo Chiellini, Dipartimento di Chimica e Chimica Industriale, Università degli Studi di Pisa, Italy
