

International Conference on Recent Trends in Geoscience Research and Applications 2023

**Belgrade, Serbia & virtual
23-27 October 2023**

ORGANIZERS:

Faculty of Civil Engineering, University of Belgrade
Institute of Physics Belgrade, University of Belgrade

FIRST ANNOUNCEMENT

Dear colleagues,

The Organizing Committee is pleased to inform you that the "International Conference on Recent Trends in Geoscience Research and Applications 2023" will be held at the Institute of Physics Belgrade in Belgrade, Serbia, and virtually on 23-27 October 2023.

The official meeting website is www.geoscira.wixsite.com/2023.

AIMS AND SCOPE

Geoscience research and applications are of crucial interest in science and many areas of modern life. For this reason, exchanging knowledge in various relevant areas is essential for development in scientific, engineering, and programming activities. The conference aims to highlight the importance of joint research of experts in these fields and provide a platform for knowledge exchange.

The topics of this conference are:

- Atmospheric research
- Space weather
- Lithospheric research
- Hydrological research
- Environmental research

- Natural hazards
- Geoinformation technologies

We invite experts from all relevant fields to participate in this conference!

FINANCIAL SUPPORT

The form for financial support is given on the conference website. The completed form should be sent to **BOTH** addresses: sandrast@ipb.ac.rs and sdragovic@vin.bg.ac.rs until **10 May 2023**.

PUBLICATIONS

Submission of abstracts is mandatory while submissions of contributed papers and journal articles are optional.

Abstracts (one page) and contributed papers (six pages) of contributions should be sent to **BOTH** addresses: sandrast@ipb.ac.rs and sdragovic@vin.bg.ac.rs until **1 June 2023** (abstracts) and **15 September 2023** (contributed papers). The templates for preparing abstracts and contributed papers are available on the conference website. The works will be published in the Book of Abstracts and Contributed Papers before the conference.

Journals

The works that will be presented at the International Conference on Recent Trends in Geoscience Research and Applications 2023 will be selected for three journals:

- [Land](#) (more information will be available soon)
- [Journal of the Geographical Institute "Jovan Cvijic" SASA](#) (free of charge)
- [Serbian Journal of Geosciences](#) (free of charge)

In all three journals, the submitted manuscripts will be processed with the standards of regular research papers. Therefore, the titles and abstracts should differ substantially from those published in the Book of Abstracts and Contributed Papers.

LOCAL INFORMATION

The conference will be held at the Institute of Physics Belgrade in Belgrade. The detailed information about the venue, accommodation, and transportation is available on the conference website.
