

VI International School and Conference on Photonics

Belgrade, Serbia, August 28 – September 1st, 2017

Institute of Physics Belgrade, Pregrevica 118, 11080 Belgrade, Serbia
Phone: +381 11 3713 000; Fax: +381 11 3162 190, E-mail: photonica2017@ipb.ac.rs, www.photonica.ac.rs

Dear colleagues,

We are pleased to invite you to participate at the International School and Conference on Photonics – **PHOTONICA2017** to be held **in Belgrade, Serbia, from August 28th till September 1st 2017**. This conference will be organized by the Institute of Physics Belgrade, Belgrade, Serbia, Optical Society of Serbia and Serbian Academy of Sciences and Arts.

It is a traditional event, organized biennially and the main topics of the Conference are:

1. Quantum optics and ultracold systems
2. Nonlinear optics
3. Optical materials
4. Biophotonics
5. Devices and components
6. Optical communications
7. Laser spectroscopy and metrology
8. Ultrafast optical phenomena
9. Laser - material interaction
10. Optical metamaterials and plasmonics
and other topics in photonics.

PHOTONICA2017 will include five days of tutorial talks (2*35 min), keynote (45 min) and invited lectures (30 min), progress reports (15 min), contributed oral (15 min) and poster presentations. It is conceived as a school for educating young scientists and the conference facilitating the exchange of new ideas and knowledge in cutting-edge research in Europe and beyond.

Please note that the abstract submission deadline is **May 31, 2017**.

Reduced fee will apply to registrations confirmed by **June 15, 2017**.

Selected peer reviewed contributions will be published in a Special Issue of **Optical and Quantum Electronics**.

For more details, please visit the conference website at <http://www.photonica.ac.rs/>; or, alternatively, contact photonica2017@ipb.ac.rs.

We are looking forward to seeing you at PHOTONICA2017 in Belgrade.

Kind regards,

Organizing Committee
