

Institute of Physics, Belgrade

Center for Atomic and Subatomic Physics

Electron and Laser Spectrometry

- ESMA (Electron Spectrometer for Molecules and Atoms)
- SELE (Stepwise Electron Laser Excitation)
- UGRA (Angular Distribution)
- SPEPRA (Threshold Electron Spectrometer)
- Applications: Detector of ion and radon concentrations
- Atomic Collision Group IoP, Belgrade in 2002:

Dr. Bratislav Marinković
Director of Center for Atomic
and Subatomic Physics

Brussels 17 November, 2003
